

Congregation Presentation/Dialogue Meetings September 24, 26 and October 2, 5

To continue to strengthen Peace Lutheran Church and to foster our mission through effective ministries, we believe that our facility now requires us to consider correcting some deficiencies that impede our ability to serve our members. We invite you to attend a meeting to review information that we have prepared for your consideration. Then we want to learn your ideas and opinions as they relate to the conceptual plan we will propose.

This is not an exercise to promote a "done deal." On the contrary, with broad input from our congregation we will develop the best facility plan to serve today's members and those who will join us in the future.
